House Committee on Appropriations  
H-307 The Capitol  
Washington, DC 20515

The Honorable Rosa DeLauro  
Ranking Member  
House Committee on Appropriations  
1036 Longworth House Office Building  
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for City of Mesa Kyrene Recharge Well pipelines in fiscal year 2025. The entity to receive funding for this project is the City of Mesa, located at 20 E Main Street, Mesa, AZ, 85201. Their mailing address City of Mesa, PO Box 1466, Mesa, AZ, 85211.

The funding would be used to construct utility improvements in lower-income areas of Mesa where the aging infrastructure is most vulnerable to breaks, leaks, overflows and equipment and pipe failure. Federal funding will be utilized for inspection equipment and services, replacement pipe, and other repair materials. Specifically, this will include large diameter wastewater collection main inspection, condition assessment, and repair to 41 miles of sewer main and 750 manholes. The project is an appropriate use of taxpayer funds because the sewer is in an area of Mesa where the aging infrastructure is most vulnerable to breaks, leaks, overflows and equipment and pipe failure. It will provide cost-savings to customers, while also significantly protecting public health and the environment. The project has a Federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in black ink that reads "Greg Stanton".
