Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the City of Chandler - New Wells – Phase Two project in Fiscal Year 2027. The entity to receive funding for this project is the U.S. Army Corps of Engineers, located at 915 Wilshire Blvd., Los Angeles, CA 90017.

The funding would be used to design and equip the wells to alleviate the City of Chandler's reliance on the Colorado River. The project is an appropriate use of taxpayer funds because the project will help mitigate drought impacts for constituents across the city. This project will ensure long-term viability of Chandler's water resources and enhance resilience against future challenges.

The project has a federal nexus because the funding provided is for purposes authorized by section 595 of the Water Resources Development Act of 1999, as amended (Public Law 106-53).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in cursive script that reads "Greg Stanton".
