Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for the City of Tempe Kyrene Recharge Well pipelines in fiscal year 2025. The entity to receive funding for this project is the City of Tempe, located at 31 E 5th St, Tempe, AZ 85281.

The funding would be used for the second phase of pipeline construction to deliver reclaimed water from the Kyrene Reclamation Facilities to recharge wells. The project is an appropriate use of taxpayer funds because the wells will increase the amount of water stored in aquifers. Tempe is a growing city, and this water storage will allow water supplies to meet the city's needs. This treatment of wastewater is an alternative source that enhances water security, sustainability and resilience.

The project has a Federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in cursive script that reads "Greg Stanton".
