The Honorable Rosa DeLauro  
Ranking Member  
House Committee on Appropriations  
1036 Longworth House Office Building  
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for the City of Chandler New Wells in Fiscal year 2025. The entity to receive funding for this project is the City of Chandler, City Manager's Office, 175 S. Arizona Ave., Chandler, AZ 85225

The funding would be used to construct new wells in a targeted area to alleviate reliance on the Colorado River and help to further diversify their water sources. Specific items considered as part of these projects include the use of premium efficiency motors and pumps, variable frequency drive units, improved longer lasting materials, water reuse, improved waste handling, and the use of solar power when appropriate.

The project is an appropriate use of taxpayer funds because the project will help mitigate drought impacts for constituents across the city. This facility improvement project involves comprehensive planning, implementation, and monitoring to ensure effectiveness and sustainability, efficient operation, and life cycle cost issues are considered. The project has a Federal nexus because the funding provided is for purposes authorized under Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in black ink that reads "Greg Stanton".
