Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for City of Mesa Wastewater Recycling Cleaner Truck project in Fiscal Year 2027. The entity to receive funding for this project is the City of Mesa, located at 20 E Main Street, Mesa, AZ, 85201.

The funding would be used for the acquisition of an advanced recycler cleaning truck that will significantly reduce potable water consumption and increase the efficiency of the City's wastewater system maintenance and reliability. The project is an appropriate use of taxpayer funds because the advanced recycler cleaner technology conserves drinking water while enhancing infrastructure performance, maximizing the impact per federal dollar invested. The project also directly advances Arizona's long-term water resilience strategy amid ongoing Colorado River uncertainty.

The project has a federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Greg Stanton
