Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for Chandler Flex Service Area Expansion - Phase Two in Fiscal Year 2027. The entity to receive funding for this project is City of Chandler, located at 175 S. Arizona Ave., Chandler, AZ 85225.

The funding would be used to expand the Chandler Flex transit program by six additional square miles to the east of the current network, significantly improving access to employment centers, Chandler-Gilbert Community College, and regional transit services. This funding would be used to cover 50% of the total cost. The project is a good use of taxpayer funds because without new mobility options, residents in these areas face limited access to employment, education, and regional transit connections. Expanding traditional bus service into these low-density areas would require significant infrastructure and operating costs that are not feasible in the near term. This project closes that gap.

The project has a federal nexus because the funding provided is for purposes authorized by 23 USC 133.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Greg Stanton
